CONTENT STRATEGY NOTES FOR TECH TEAM

Priority for launch: Shivay Residency + Shivdhara Residency go live first. **Primary CTA on all pages:** WhatsApp button (sticky on mobile) + Call button. **Inventory urgency:** Use real sold-out % as a trust + scarcity signal. **Plot sizing:** Entry ticket = ₹X/sqft × 800 sqft minimum. Always show INR entry price. **Approval status:** Only Shivay Residency is Jila Panchayat approved. Do NOT claim approval for others unless confirmed. Use "Structured Layout Development" for others.

★ PRIORITY PROJECT 1: SHIVAY RESIDENCY

Push hardest. Highest rate. Jila Panchayat approved. ~60% sold — use scarcity.

Location: Hulaskheda, Mohanlalganj, Lucknow — Near Agra-Lucknow Link Expressway **Rate:** ₹2,100/sqft | **Approved:** Jila Panchayat | **Status:** ~60% SOLD

SECTION 1 — HERO

H1: Residential Plots in Hulaskheda Lucknow | Shivay Residency — Near Agra-Lucknow Expressway

Subheading: Lucknow's only expressway-adjacent plotted colony at this price. Jila Panchayat approved. 60% already sold.

Hero Description (3 lines max): Shivay Residency at Hulaskheda is the premium offering from Pawantanay Builders — the only Jila Panchayat approved plotted development with direct proximity to the Agra-Lucknow Link Expressway in this belt. Plots starting from 800 sqft (entry at ₹16.8 lakh) going up to 5,000 sqft with customization available. With 60% of inventory already sold, remaining plots are moving fast.

Primary CTA (sticky mobile button): WhatsApp Now – Get Plot Details | Call Now – Speak to Our Team

Urgency Line (below hero): Only 40% plots remaining – last 3 months saw fastest bookings

SECTION 2 — PROJECT OVERVIEW

Shivay Residency is positioned at Hulaskheda, on the southwestern edge of Mohanlalganj — the location with the best inter-city road access in PBD's entire portfolio. The Agra-Lucknow Expressway link is minutes away, making this ideal for buyers who commute between Lucknow and Kanpur, Agra, or Delhi.

This is a fully structured layout with 40-ft and 30-ft roads, pre-planned utilities, Jila Panchayat approval, and the Madapur Mandir temple cluster as a neighborhood anchor.

Who this project is for:

- Investors seeking expressway-corridor appreciation at below-market entry
 - Families wanting peaceful suburban living with fast city access
 - Professionals who travel frequently on the Agra-Lucknow Expressway
 - NRIs wanting a clean-title, approved plot in Lucknow
-

SECTION 3 — PLOT SIZING & PRICING

Configuration	Size	Starting Price
Entry plot	800 sqft	₹16.8 lakh
Mid-size	1,200 sqft	₹25.2 lakh
Large plot	2,000 sqft	₹42 lakh
Premium / Custom	Up to 5,000 sqft	On Request
Rate	₹2,100 / sqft	Fixed
Payment	50% on registration	Balance in schedule

Custom plot configurations available on request.

SECTION 4 — LOCATION ADVANTAGE

- Link Expressway: 2-3 min — direct Agra-Lucknow Expressway access
 - Mohanlalganj Market & Tehsil: 5-7 min
 - SGPGI Hospital: 15 min
 - Kisan Path (Ring Road): 10-12 min
 - Lulu Mall / Medanta: 15-18 min
 - Charbagh Railway Station: 25 min
 - Madapur Mandir: Walking distance
 - Delhi via Expressway: ~4 hrs | Kanpur: ~90 min | Agra: ~3 hrs
-

SECTION 5 — WHY THIS LOCATION?

Hulaskheda sits at an inflection point: it carries Mohanlalganj's affordable emerging-area pricing while being physically adjacent to one of UP's highest-quality road corridors. Expressway-adjacent plots in comparable Lucknow zones (Gomti Nagar Extension) command ₹5,500-₹7,000/sqft. Shivay Residency is priced at ₹2,100 — the arbitrage is significant and narrowing.

As the Lucknow-Raebareli Road undergoes its 6-lane upgrade and the State Capital Region (SCR) development plan executes, this belt reprices. The question is not whether — it's when. And 60% of buyers have already decided.

SECTION 6 — WHY INVEST NOW?

- 60% inventory already sold — remaining plots go to waitlist if not acted on
 - Jila Panchayat approval is a legal moat — not available in most competing plots in this zone
 - 50% payment triggers registry — lowest capital deployment for a titled plot in Lucknow
 - SCR investment of ₹5 lakh crore over 20 years systematically upgrades this entire corridor
 - Entry at ₹16.8 lakh (800 sqft) — actionable for first-time buyers and investors alike
-

SECTION 7 — PROJECT HIGHLIGHTS

- Jila Panchayat approved (only approved project in PBD portfolio)
- 40-ft primary internal roads

- 30-ft secondary road grid
 - Sewer, drainage, electricity infrastructure
 - Park and green zone in layout
 - Madapur Mandir proximity — spiritual & community anchor
 - Custom plot sizes up to 5,000 sqft
 - Link Expressway access in 2-3 min
-

SECTION 8 — INVENTORY STATUS

60% of plots sold. Remaining inventory is limited by layout – not being created artificially.

This is factual scarcity. When this project was launched, buyers who visited and decided quickly are now sitting on an asset that has seen natural appreciation as surrounding development has advanced. The buyers who wait are the ones who end up regretting.

SECTION 9 — WHO SHOULD BUY?

Investor: Expressway premium + Jila Panchayat approval + 60% sold track record = strongest appreciation narrative in PBD's portfolio. Entry at ₹16.8 lakh.

End-user / family: Expressway in 2 min, market in 7 min, temple walkable, 40-ft roads inside. Build your home without worrying about road digging or utility delays — it's all pre-planned.

Land banker / NRI: Clean title. Government approved layout. Flexible sizing. This is the easiest plot to resell or construct on in this belt.

SECTION 10 — SITE MAP DESCRIPTION

(For design/dev team)

- Entry gate from Hulaskheda main road — with "Shivay Residency" gate visual
- 40-ft spine road labeled "Shivay Marg"
- 30-ft secondary grid dividing blocks (A, B, C blocks recommended)
- Corner plots highlighted with "Premium" tag
- Sold plots shown in muted fill — empty plots in white (shows scarcity visually)

- Direction callouts: "Link Expressway → 2 min" | "Mohanlalganj Market → 7 min" | "Madapur Mandir → Walking"
 - Park zone, electricity substation point, sewer line marked
 - North arrow + scale bar
 - "Jila Panchayat Approved" stamp watermark on layout
-

SECTION 11 — TRUST SIGNALS

- Jila Panchayat approved — verifiable government sanction
 - 60% plots already sold — largest buyer confidence signal
 - 50% payment → immediate registry — no delay, no ambiguity
 - Pawantanay Builders active across 4 projects in same corridor — not a single-project developer
 - Physical site visit available — nothing hidden, no CGI renders
-

SECTION 12 — CTA SECTION

Headline: 40% Plots Remaining. Don't Plan Your Visit After They're Gone.

Body: Shivay Residency is Lucknow's only Jila Panchayat approved plotted colony with Link Expressway access. Plots from ₹16.8 lakh. Registry at 50% payment.

CTA 1 (Primary — Green WA Button): WhatsApp Now for Plot Availability *Link:* [wa.me/\[YOUR NUMBER\]](https://wa.me/[YOUR NUMBER]) with pre-filled message: "I'm interested in Shivay Residency plots. Please share details."

CTA 2 (Secondary — Call Button): Call Now: [YOUR NUMBER]

CTA 3 (Tertiary): Book a Free Site Visit

SECTION 13 — SEO METADATA

Meta Title: Residential Plots in Hulaskheda Lucknow | Shivay Residency | Jila Panchayat Approved | Near Expressway

Meta Description: Shivay Residency — Jila Panchayat approved residential plots in Hulaskheda, Mohanlalganj, Lucknow. Near Agra-Lucknow Expressway. Plots from 800-5000 sqft at ₹2,100/sqft. 60% sold. WhatsApp for availability.

Slug: (/projects/shivay-residency-hulaskheda-mohanlalganj-lucknow)

Keywords: Jila Panchayat approved plots Lucknow, residential plots Hulaskheda, plots near Agra Lucknow Expressway, Shivay Residency PBD, premium plots Mohanlalganj Lucknow, buy plot near expressway Lucknow, plotted colony Mohanlalganj approved

★ **PRIORITY PROJECT 2: SHIVDHARA RESIDENCY**

Push second hardest. Ring Road frontier. Closest to SGPGI. Pre-activation pricing.

Location: North Mohanlalganj / Gosainganj Belt, Lucknow **Rate:** (Confirm with team — recommended: ₹1,500–1,600/sqft based on position) **Status:** ~30–40% sold | Confirm exact % with sales team

SECTION 1 — HERO

H1: (Residential Plots Near Lucknow Ring Road | Shivdhara Residency – North Mohanlalganj)

Subheading: *The Ring Road is coming. Plots this close to it won't stay at this price.*

Hero Description: Shivdhara Residency is PBD's most forward-looking project — situated in northern Mohanlalganj, the zone immediately adjacent to Lucknow's upcoming Vigyan Path Outer Ring Road (DPR completed 2025, construction beginning 2026). Closest project to SGPGI in PBD's portfolio. Plots from 800 sqft with customization available. Pre-Ring Road pricing — this window is 18–24 months.

Primary CTA: (WhatsApp for Early Mover Details) (Call Now – Enquire About Shivdhara)

Urgency Line: (Ring Road construction begins 2026 – land within 3 km reprices during construction phase)

SECTION 2 — PROJECT OVERVIEW

Shivdhara Residency occupies the northernmost position in PBD's portfolio — trending toward the Gosainganj corridor from Mohanlalganj's northern edge. This is the "timing play" project: it serves buyers who understand infrastructure cycles and want to position themselves before the Ring Road completion triggers a structural repricing of this zone.

Who this project is for:

- Aggressive investors with a 3–5 year horizon
- First-time buyers who want the lowest entry ticket + maximum holding period
- SGPGI doctors, staff, and associated healthcare professionals (closest commute distance)
- Land banking buyers who want bulk / custom sizing

SECTION 3 — PLOT SIZING & PRICING

Configuration	Size	Approx. Price*
Entry plot	800 sqft	Confirm with team
Standard	1,200 sqft	Confirm with team
Large / Custom	Up to 5,000 sqft	On Request
Payment	50% on registration	Balance in schedule

Rate to be confirmed and published by team. Recommend anchoring at a slight discount to Hanumant Dham/Muralia to reflect pre-infrastructure positioning.

SECTION 4 — LOCATION ADVANTAGE

- Lucknow Outer Ring Road (Vigyan Path): Closest PBD project to Ring Road alignment
 - SGPGI Hospital: 8–10 min (shortest in PBD portfolio)
 - Gosainganj Town: 5–8 min — established market and social infrastructure
 - Kisan Path (operational Ring Road segment): ~10 min
 - Mohanlalganj Market: 8–10 min
 - Shaheed Path: ~15 min
 - Charbagh: ~20 min
 - Dual corridor: Raebareli Road (south) + Gosainganj arterial (north) both accessible
-

SECTION 5 — WHY THIS LOCATION? (ANALYST TONE)

Three verifiable factors make northern Mohanlalganj the smartest bet in PBD's portfolio for a patient investor:

1. Ring Road effect: Vigyan Path DPR was completed in July 2025. Construction starts 2026. Historically in Lucknow, land within 3 km of ring road corridors appreciates 30–50% during construction phase — before the road even opens. Shivdhara Residency is in that zone.
 2. SGPGI proximity: At 8–10 min, this is the closest plotted development to SGPGI in PBD's portfolio. The hospital employs thousands of medical professionals who need nearby housing. That demand is structural, not speculative.
 3. Gosainganj absorption: Gosainganj is being drawn into Lucknow's urban boundary expansion. As that process completes, northern Mohanlalganj — currently priced as emerging — gets reclassified into Lucknow's urban pricing matrix. That reclassification is worth 40–60% in price terms, historically.
-

SECTION 6 — WHY INVEST NOW?

- Pre-Ring Road land pricing is a closing window — construction begins 2026
 - SGPGI housing demand is permanent, not cyclical
 - Entry plots from 800 sqft — lowest capital barrier for a structured plotted colony
 - 50% payment triggers registry — no long payment commitments
 - Northern Mohanlalganj is the last under-explored direction in this belt
-

SECTION 7 — PROJECT HIGHLIGHTS

- 40-ft primary roads + 30-ft secondary road grid
 - Sewer, drainage, electricity infrastructure
 - Park and green zone in layout
 - Closest PBD project to Ring Road alignment
 - Closest PBD project to SGPGI
 - Dual-corridor access (Raebareli Road + Gosainganj arterial)
 - Custom plot sizes: 800 sqft to 5,000 sqft
 - Structured layout — not random farmland conversion
-

SECTION 8 — INVENTORY STATUS

~30-40% of plots sold. Majority of inventory still available – early mover window open.

(Team: update exact % before publishing. This project is in the active selling phase — use urgency around Ring Road timeline, not pure scarcity.)

SECTION 9 — WHO SHOULD BUY?

Aggressive investor: Pre-infrastructure pricing, Ring Road construction beginning 2026. This is the moment infrastructure investors wait for. 3-5 year horizon, strong appreciation expected.

SGPGI professionals: 8-10 min commute. Build your own home near your workplace without paying city-center prices. Entry at the right time.

First-time buyer with long horizon: Lowest likely price point in PBD's portfolio. Buy now, build when Ring Road matures, sell into a repriced market.

SECTION 10 — SITE MAP DESCRIPTION

(For design/dev team)

- Entry from main accessible road (confirm exact road with site team)
 - "Ring Road Coming" callout bubble pointing north — this is a key visual hook
 - SGPGI direction labeled ("SGPGI — 8 min")
 - Gosainganj direction labeled
 - 40-ft primary spine road
 - 30-ft secondary grid
 - Plot numbers, corner lots highlighted
 - Park/green space
 - "Ring Road alignment zone" indicated on map edge
 - North arrow + scale
 - Suggest: small inset map showing Vigyan Path Ring Road route relative to project
-

SECTION 11 — TRUST SIGNALS

- Pawantanay Builders — active developer with 3 other projects in the same corridor
 - 50% payment → immediate registry
 - Structured layout: not a raw land deal, roads and utilities are planned
 - Verifiable Ring Road DPR completion — government source available
 - Physical site visit available at all times
-

SECTION 12 — CTA SECTION

Headline: The Ring Road Starts Construction in 2026. Land Near It Will Not Be at This Price Then.

Body: Shivdhara Residency is PBD's pre-infrastructure timing opportunity. Plots from 800 sqft. 50% payment triggers registry. Early movers get the best plot selection.

SECTION 13 — SEO METADATA

Meta Title: Residential Plots Near Ring Road Lucknow | Shivdhara Residency | North Mohanlalganj | PBD

Meta Description: Shivdhara Residency — residential plots in north Mohanlalganj, Lucknow, closest to the upcoming Vigyan Path Ring Road and SGPGI. Plots from 800-5000 sqft. Pre-Ring Road pricing. WhatsApp for early mover details.

Slug: /projects/shivdhara-residency-north-mohanlalganj-lucknow

Keywords: plots near Ring Road Lucknow, residential plots north Mohanlalganj, Shivdhara Residency PBD, plots near SGPGI Lucknow, Vigyan Path Ring Road plots, Gosaingan area plots, pre-construction land Lucknow, early mover plots Lucknow south

PROJECT 3: HANUMANT DHAM

Active project. ~30-40% sold. Standard push.

Location: Udavat Kheda, Khujoli Chauraha, Mohanlalganj | Rate: ₹1,600/sqft | Near IT City

SECTION 1 — HERO

H1: Residential Plots in Mohanlalganj Lucknow | Hanumant Dham — Near IT City & SGPGI

Subheading: 10 minutes from SGPGI, near the IT City corridor. Plots from ₹12.8 lakh.

Hero Description: Hanumant Dham sits at Khujoli Chauraha on the Raebareli Road — 10 min from SGPGI and within proximity of Lucknow's planned IT City development zone. Structured plotted colony. Plots from 800 sqft (entry at ₹12.8 lakh) to 5,000 sqft with custom sizing. 30-40% already sold — active project with inventory available.

CTA 1: WhatsApp for Plot Availability **CTA 2:** Call Now to Speak to Our Team

SECTION 3 — PLOT SIZING & PRICING

Configuration	Size	Starting Price
Entry plot	800 sqft	₹12.8 lakh
Standard	1,200 sqft	₹19.2 lakh
Large	2,000 sqft	₹32 lakh
Custom	Up to 5,000 sqft	On Request
Rate	₹1,600 / sqft	
Payment	50% on registration	

SECTION 4 — LOCATION ADVANTAGE

- SGPGI: 10 min | Lucknow's largest healthcare employer
- Mohanlalganj Market: 5 min

- IT City Project: Nearby — tech corridor in development
 - Kisan Path Ring Road: 10-12 min
 - Lulu Mall / Medanta: 10-12 min
 - Charbagh: 20 min
 - Shaheed Path: 12-15 min
-

SECTION 5 — WHY THIS LOCATION?

Khujoli Chauraha is the geographic sweet spot of northern Mohanlalganj — accessible from Raebareli Road while being proximate to SGPGI's employment cluster. The IT City development nearby adds a second demand driver: white-collar tech employment within a 5-km radius. Plots here at ₹1,600/sqft are priced pre-IT City activation. Once Phase 1 launches, land within this radius historically reprices by 40-60%.

SECTION 6 — WHY INVEST NOW?

- Entry at ₹12.8 lakh (800 sqft) — accessible for first-time and repeat investors
 - IT City activation is the catalyst — land within 5 km of tech parks in UP doubles in 5-7 years historically
 - 30-40% sold — project is active and moving; not stale inventory
 - SGPGI demand is permanent — healthcare worker housing demand doesn't cycle
-

SECTION 7 — PROJECT HIGHLIGHTS

- 40-ft + 30-ft internal roads
 - Sewer, drainage, electricity
 - Park and temple provision
 - Near IT City (upcoming)
 - SGPGI 10 min
 - Custom plots 800-5,000 sqft
 - 50% payment → registry
-

PROJECT 4: MURALIA GARDEN

Active project. ~30-40% sold. Urban-edge angle.

Location: Near Mohanlalganj Main Market & Tehsil | Rate: ₹1,600/sqft

SECTION 1 — HERO

H1: [Residential Plots Near Mohanlalganj Market Lucknow | Muralia Garden – Tehsil Road](#)

Subheading: *Walk to the market, tehsil, and transport. Own a plot where urban life is already here.*

Hero Description: Muralia Garden is PBD's most urban project — located adjacent to Mohanlalganj's main market and tehsil office. Daily needs are walkable. Government services are next door. Plots from 800 sqft at ₹1,600/sqft (entry ₹12.8 lakh). Unlike peripheral projects betting on future development, Muralia Garden's value anchor already exists.

CTA 1: [WhatsApp for Muralia Garden Plots](#) **CTA 2:** [Call Now: \[YOUR NUMBER\]](#)

SECTION 3 — PLOT SIZING & PRICING

Configuration	Size	Starting Price
Entry plot	800 sqft	₹12.8 lakh
Standard	1,200 sqft	₹19.2 lakh
Large / Custom	Up to 5,000 sqft	On Request
Rate	₹1,600 / sqft	
Payment	50% on registration	

SECTION 4 — LOCATION ADVANTAGE

- Mohanlalganj Main Market: 2 min / walkable
- Tehsil Office: Adjacent
- Lulu Mall / Medanta: 10 min
- SGPGI: 15 min
- Kisan Path: 12-15 min
- Charbagh: 20-25 min
- Shaheed Path: 15 min

SECTION 5 — WHY THIS LOCATION?

Muralia Garden's anchor is not a future expressway or upcoming IT park — it's the Mohanlalganj market and tehsil that have served this area for decades. This is the most defensible value story in PBD's portfolio: civic infrastructure that will not move, not disappear, and will only grow as Mohanlalganj is absorbed into Lucknow's urban boundary. Plot buyers here don't need to wait for development to arrive — they move in, and it's already there.

SECTION 6 — WHY INVEST NOW?

- Urban-edge plots at ₹1,600/sqft — as Mohanlalganj's urban classification upgrades, this price goes with it

- Tehsil-adjacent location has natural rental yield potential (professionals needing proximity to government offices)
 - Entry at ₹12.8 lakh — lowest-risk entry in PBD's portfolio, given existing civic infrastructure
-

SECTION 12 — CTA
